CP28/25 Director City Planning Report - Urban Forest Policy - Community Consultation Outcomes (F2004/06494)

293/25

RESOLUTION: (Magner/Willington) that Council:

- a) note the outcomes of the community consultation on the draft Urban Forest Policy; and
- b) endorse the Urban Forest Policy amended based on issues raised in submissions and with the following amendments:
 - i) establish interim milestone targets to ensure accountability:
 - 18% canopy cover by 2030;
 - 20% canopy cover by 2035;
 - 22% canopy cover by 2040;
 - ii) require annual reporting to Council on:
 - progress toward canopy cover targets (noting that canopy cover mapping is dependent on NSW Government bi-annual data, with reporting on tree planting and removal activity as a proxy measure in interim years);
 - number of trees planted and removed on public land;
 - number of trees removed and planted on private land (as captured through permits and development applications);
 - financial investment in tree planting programs;
 - challenges encountered and lessons learned;
- c) request that the draft Urban Forest Strategy:
 - i) include a section on engaging private landowners, including exploration of:
 - Educational programs and resources;
 - Investigation of potential incentive programs for property owners who increase canopy (such as grants for tree planting);
 - Partnership opportunities with schools, hospitals, and other major landholders currently outside direct Council control;
 - ii) include mechanisms to support canopy expansion, including consideration of:
 - Green cover requirements in new developments;
 - Strengthening tree retention and replanting requirements relating to development activity, including consideration of a requirement that two trees are planted on-site to replace the removal of one tree, or payment of an offset fee where on-site planting is not feasible;
 - Potential developer contributions for tree planting; and
- d) request that the feasibility study examining higher canopy targets be reported to Council by May 2026 (prior to the draft Urban Forest Strategy).

Motions Pursuant to Notice

NM89/25 Motion Pursuant to Notice - Notice of Motion from Cr Rosenfeld - Chester Avenue Maroubra, between Portland Crescent and Minneapolis Crescent (F2025/07866)

RESOLUTION: (Rosenfeld/Burst) that Council:

- a) ask the Local Transport Forum to look into the feasibility of making Chester Avenue Maroubra a one-way street, between Portland Crescent and Minneapolis Crescent, and report back to Council with its recommendations; and
- b) the report is to involve a result of community consultation to be conducted with impacted residents.

MOTION: (Rosenfeld/Burst) CARRIED - SEE RESOLUTION.

NM90/25 Motion Pursuant to Notice - Notice of Motion from Cr Veitch - Environmental Planning and Assessment (Planning System Reforms) Bill 2025 (F2011/00542)

MOTION: (Veitch/Asgari) that Council:

1. notes with concern that the Environmental Planning and Assessment (Planning System Reforms) Bill 2025 reduces local planning control and transparency, increases the risk of corruption in planning processes, and will decrease community input and confidence in planning decisions;
2. notes that the Environmental Planning and Assessment Amendment (Planning System Reforms) Bill 2025, while presented by the Government as a housing supply measure, makes sweeping changes to the Environmental Planning and Assessment Act 1979 which would impact all types of development across NSW, including large-scale commercial, industrial, mining, agricultural and infrastructure projects;

The Bill:

- i. centralises planning powers and reduces the role of councils, independent panels, and community consultation by legislating two new authorities:
 - ☐ the Development Coordination Authority (the Planning Secretary), and
 - ☐ the Housing Delivery Authority (the Planning Secretary and two Minister-appointed members, with no requirements for specific skills or experience);
- ii. creates a conflict of interest where the Development Coordination Authority reviews its own decisions;
- iii. introduces a streamlined “targeted development assessment” pathway that is unconstrained and expressly prohibits consideration of environmental impacts, site suitability, and the public interest;
- iv. undermines safeguards recommended by the Independent Commission Against Corruption (ICAC) regarding accountability, transparency and probity in the planning system;
- v. removes the requirement to consult with the Environment Department before making an environmental planning instrument that would adversely affect critical habitat or threatened species, populations or ecological communities, or their habitats (by omitting s 3.25 of the EP&A Act);

- vi.

restricts assessment of cumulative and indirect impacts of a development;

vii.

requires councils to assess variations to complying developments within 10 days, or 20 days if the council is also assessing the complying development certificate; after this time the variation will be deemed to be approved;

viii.

removes protections for building occupant health and safety;

ix.

restricts community participation, cutting consultation requirements and removing objects in the Act that emphasise community involvement in planning decisions;

x.

enshrines in legislation the controversial Housing Delivery Authority, which circumvents councils in local decision-making;

xi.

has not been subject to broad public consultation.
3.

writes to the Premier, the Leader of the Opposition, the Minister and Shadow Ministers for Planning and Public Spaces and the Members for Heffron, Coogee and Maroubra:

a.

opposing the detail of the Bill as introduced to the Legislative Assembly on 17 September 2025;

b.

highlighting broad concerns about governance, environmental assessment, and the public interest arising from the Bill, while acknowledging that recent Legislative Assembly amendments—such as the introduction of a 28-day minimum consultation period for targeted assessments, the exclusion of designated development (e.g. coal mines, power stations, concrete works), and the retention of bush-fire-prone-land provisions—represent partial but insufficient improvements; and
4.

writes to the President of Local Government New South Wales (LGNSW) to express concern that the statement issued by LGNSW on 18 September 2025 welcoming these reforms is not consistent with the LGNSW policy platform and calls for a board motion opposing the bill to be brought to the 2025 LGNSW conference. **LOST.**

Motion Pursuant to Notice - Notice of Motion from Cr Veitch - Improving Safety for Pedestrians and Bike Riders in the Randwick LGA (F2025/01370)

- RESOLUTION: (Veitch/Willington) that Council:
1.

notes that Randwick's Integrated Transport Strategy and Active Transport Plan contain a range of principles, outcomes and strategic approaches designed to prioritise safety for

vulnerable road users, and to enable people to easily choose active transport options more often;

2. notes that delays in obtaining approval from TfNSW for lowering speed limits, and challenges in securing State Government funding for separated bike paths continues to put residents cycling on our road networks at risk;
3. acknowledges that cycling on the roads through our town centres poses significant additional safety risks, leading to a high incidence of footpath riding; and
4. in consultation with the Randwick Traffic Forum and Cycling and Bicycle Facilities Committee, receive a report on options to create safe cycling routes through our town centres, including Maroubra Junction, Randwick Junction (incl Avoca St and Belmore Rd between Cuthill St and Alison Rd), Kingsford (at the intersections of Anzac Pde, Rainbow St, Bunnerong Rd, Gardeners Rd, Houston Rd), and the Frenchman's Rd Town Centre

MOTION: (Veitch/Willington) CARRIED - SEE RESOLUTION.

AMENDMENT: (Hay/Hamilton) that Council:

1. notes that Randwick's Integrated Transport Strategy and Active Transport Plan contain a range of principles, outcomes and strategic approaches designed to prioritise safety for vulnerable road users, and to enable people to easily choose active transport options more often;
2. notes that delays in obtaining approval from TfNSW for lowering speed limits, and challenges in securing State Government funding for separated bike paths continues to put residents cycling on our road networks at risk; and

Questions with Notice

QN10/25 Question with Notice from Cr Asgari - Progress Update on the Sydney Artificial Reef Dive Wreck Proposal (F2012/00568)

Question:

Council Officers provide an update on the status of the Sydney Artificial Reef Dive Wreck Proposal from the NSW Government and The Gordons Bay Scuba Diving Club.

Response from Acting Director City Services:

As of October 2025, the NSW Government's current position on the Gordon's Bay Scuba Diving Club's artificial reef proposal near Coogee is one of conditional support, but no funding commitment at this stage. The Minister for Crown Lands, responded to a petition tabled in NSW Parliament (with over 14,000 signatures) stating: "While the government supports in principle the idea of an artificial reef, they are not currently in a position to fund it."

Petitions

A petition from residents of Burbong Street Kingsford to implement a no right turn from Burbong Street into Avoca Street, Kingsford was tabled by Cr Veitch at the meeting.
