Recommendation

That:

1. The information be received.
2. The organisers provide notification to all businesses and residents adjacent to the affected parts of the street closure, detailing the effect on bus services, including proposed bus diversions.
3. The applicant liaises with the Transport for NSW's Transport Management Centre regarding this event to obtain Road Occupancy Licence (ROL), as soon as possible.
4. The CBD Coordination Office - Traffic Management Centre - be informed of this event.
5. The applicant ensures that the required traffic control equipment is provided and delivered onsite for the use of the Police.
6. The proponents of this event be requested to also inform locals that, as a result of the event, there will be some limited bus movements along some local streets; and
7. That, as a matter of courtesy, Bayside Council, be informed of the proposed arrangements.

Discussion

Nil

T118/26 Item for information only (post-facto record) - Isis Lane, Kingsford – No Parking (F2008/00166)

Recommendation

That the information in this report is received

Discussion

Nil

General Business

- A review of the inclusion of an additional pedestrian crossing at The Spot precinct on Perouse Road was requested. This matter was previously investigated and reported to the Local Traffic Committee in February 2025. Council officers determined that an additional pedestrian crossing would not be included as part of the intersection upgrade, and this position remains unchanged.
- An update on the Active transport and cycleway was requested. This item is not considered by the Local Transport Forum, as it forms part of the CABFAC. Meeting minutes for CABFAC are publicly available online.
- A resident requested a review of the inclusion of the Transport for NSW – funded projects report. This request has been noted.

Urgent Matters OR Matters for Future Investigation

The meeting closed at 10.08am.
